You don't need that if you don't visit wrong stuff, If your going to visit something malicious then use a sandbox, or virtual box.

Still I've never heard of this program, maybe its worth a shot.

FREE DISK SPACE!

INSTALL THIS APPLICATION SO WE CAN TELL WHAT WEBSITES YOU VISIT AND TAKE ALL YOUR PORN, BEFORE DELETING IT. WE CALL IT FREEING UP DISK SPACE.

BETTER YET, TRY CMD > FORMAT C:\ Y Y, DOES THE SAME THING AS THIS PROGRAM.

<off topic and not very constructive criticism>

I Don't Actually Type Sentences. I Am Typing Long Proper Names Since I Insist In Capitalizing Every Single Word. Who Puts This Kind Of Effort Into Every Post?

I'd almost rather read posts with no capitalization than every word being capitalized. Sheesh.

</off topic and not very constructive criticism>
