Never say "cheat" in a game forum, ESPECIALLY if the forum is run by the game's maker.Geez.

Cheaters are nothing more than low life lazy jack@\$\$es. I wonder... do they even attempt to play the game before they cheat?Now I admit, if I spend 2 months working on a level, and I have absolutely no clue how to beat it, I will consult the message board.But don't any people here like a challenge? And cheating on multiplayer???? THAT IS THE MOST RETARDED THING A PERSON CAN DO!!!ALL it does is pi\$\$ people off and its not any fun.
