hahahahahahahahaha  
i love his story

it also says this  
about his first girlfriend

Aircraftkiller's first girlfriend was born with a near fatal lung disease, which nearly caused her to die on several occasions. At some point, ACK managed to convince this poor soul that he wasn't that much of a douche and declared his love for her.

ahahahahhahaahhahahahahahaha  
im crying right now after reading this

Aircraftkiller made a plea one day for donations. He stated that he, his girlfriend and his cats, were starving and needed money for food. He manages to rake in quite a considerable sum of money and it wasn't until his second girlfriend decided to kick him out that it came to light that he had lied about the whole thing. The donation money was spent on games and porn, which he didn't even have the decency to share with his girlfriend at the time.

who wrote this shit?  
i must admit, I FUCKING LOVE YOU.

also why didnt people made a enceclopedia about me

AND, when does Sir\_Kane ever ask questions? If anything, it'd be the renegade community asking HIM the questions.

Most of that site is exaggeration and lies if that wasn't obvious already.

Done in the spirit of Ambrose Bierce's The Devil's Dictionary, Encyclopedia dramatica's purpose is to provide a central catalog for the e-public to view parody and satire of drama, memes, e-pals and other interesting happenings on the internets. The goal is to provide comprehensive, reference-style parody, to poke fun at everyone and everything on the internet.

While the articles themselves are mostly satirical jabs at Internet users (both individually and in groups) and phenomena, bear in mind that the Encyclopedia Dramatica itself is a parody of a much less funny online encyclopedia. As such, ED articles tend to make fun of the supposed objectivity and accuracy, elitism, and stupid edit wars of such sites. In other words, expect blatant, biased lies, and expect boring truths to get deleted quickly.

ED's third purpose is to catalogue Internets phenomena. In this role, it's actually a fairly good reference for dramatic events and things like memes and netspeak, provided you bear in mind the first two purposes and take what you learn with a Girlmecha-sized grain of salt.

Before you believe everything you read online...
