There was a battle around 10est and lasted like an hour and a half...it was great. Both Nod and GDI seem to work as a team, it was back and forth the whole time. I was surprised how quick the Nod took out our AGT...however, we were able to fend them off the rest of the match, and slowly I as the mighty *and foxy I might add* Hotwire chipped away at the mighty Nod base. It had to be down to the last two buildings...all I know is it was a blast...so props to you Nod and my GDI teammates out there. [February 25, 2002: Message edited by: Neojin]
