So there is a big party tonight (~150 people, alcohol, dancing) and I am the guy in charge of making a playlist.

I don't listen to the types of music that would normally be played at such a party (I listen mostly to classic and alternative rock), so I am looking for some suggestions.

Any of you got some hit songs that you think would please a big crowd? You know, stuff like Usher and Soulja Boy. Name me off some good ones you can think of (if you want). Thanks guys.

Tiësto - Traffic

Tiesto - Flight 643

It is a frat party. There will be both black and white people, but mostly white probably (80%/20%).

The types of music I'm going with is mostly hip hop (that's what people around here dance to) with some 80s and 90s rock, dance, and funk hits.

Also I think I might put a few quirky things in at ~1am like cha cha slide, macarena, etc. (i'm thinkin people will go crazy).

White people go nuts for that stuff.

Do the Meatspin song too. Everyone loves that song.
