Not sure why I'm here. Bored, I dunno. Whatever. ...tired.

Last time I was here, this place was one massive flame-fest wherein about .05% of the users were combating the majority in a fruitless attempt to maintain some degree of integrity in an otherwise anarchical commune. So much has changed.

So, anything interesting happen while I was gone?

That's so true. And before you know it, this thread will be anal-raped by our newest trolls.

Why post this in spam fest?

Welcome back. We still have our share of trolls but it's a bit better lately since a couple of them got banned.

What's a 'Plecos?' I've seen that in almost all of your posts, looking through the top stacks.

It's a species of fish, I believe. In renforums, it kinda turned into a form of community moderation, people would post images of plecos in threads they deemed spam or having run their course.

I started posting large pictures of fish in spammy, useless topics. It sort of turned into a meme on Renforums that got me banned, and then made moderator. Go figure.

Welcome back.

Here's a list of people to ignore generally:
trooprm02 (As always)
renalpha
scrin
rocko

And there's others, but I'm too lazy to find every single troll here that make nothing but bullshit posts. I'd have to go through about 80% of the members for that.
