Hey there everyone Ive been doing maps for a while now but only recently got into Advanced Leveledit Stuff and Ive gotten a basic map made in Renx exported it, Opened it leveledit. When i go f8 (walkthru mode) its the only way i can move around the map to see what it looks like. I cant pan,arc rotate or anything its all Frozen i cannot move the map at all so i cant see what im doing i really really need help with this and i will post screenshots / a video of what happens if needed any help would be muchly appricated thanks :):)

DD

Have you been using the num pad? If you're using a laptop you may not even have one.

Also try it with and without the num lock enabled.

Numpad:

8 = Forward

5 = Center

2 = Backward

---

7 = Raise elevation  
4 = Spin Camera left  
Alt + 4 = Pan Camera left  
1 = Lower Elevation

9 = Pivot camera upward  
6 = Spin camera right  
Alt + 6 = Pan Camera Right  
3 = Pivot camera downward.
