Not bash.org quotes but...

I want to go peacefully like my grandfather did... not screaming, like the passengers in his car.

The man with a problem who smiles has just found a person to pin the blame on.

And a bash quote (but I paraphrase here):

I wish my lawn was emo so it would cut itself.

If you want to prove your masculinity, don't buy a sports car, just get a people carrier and fill it with children.

That way when the guy in the Porsche pulls up next to you at the lights you can point in the back and say "Hey, mine works fine!"
