Irony.

If sadukar wanted to be called Kevin, he'd put Keven as his nickname. But he didn't, so why are you calling him Kevin, when he clearly doesn't want to be called Kevin?

Also, it's harder for people to know who you're talking to when you use real names. No telling how many Jacobs and Kevins there are in these forums.

It's just plain rude.

My profile says I'm 21. Perhaps you should learn to do simple math (as my birthday is on my profile that you obviously have seen).

Also, do you not understand the concept of slow days at work? I work in an office, so it's not like a job at McDonald's that an idiot like you would get. I don't always have to be flipping burgers and frying fries. I actually have some free time at work, too.

It was probably taken off of a joke site in the first place. We know joke sites are made by morons who have plenty of time.

Good job admitting you are bypassing bans, retard.

Dear sadukar09 I found that your post's are...

- Incomprehensible due to spelling and gramatical errors.
- Offensive towards other members of this community.
- Adequately portraying your limited vocabulary.
- Very convincing that you wish to remain banned.
- A complete waste of time- why did I bother evaluating?
- Inspiring to get ingame with you sometime.
- Attempting to make others look like idiots & backfiring.
- In blatant disregard to the Sticky Threads.
- Somewhat too revealing of your sexual fantasies.
- Without the relevant facts or information required.
- So n00bish it makes the Anti-Cheat clan look cool.

You could improve your postings considerably by...

- Including a few actual facts.
- Taking remedial English lessons.
- Mentioning how pointless or idiotic your post is.
- Refraining from screaming 'Mod Abuse'.
- Using Leet Speak more often.
- Including Screenshots, IRC logs and other such media.
- Swearing more.
- Reducing your rant to 5,000 words or less.
- Previewing your posts before submitting.
- Running your posts through a spellchecker.
- Using famous quotes like "I am the master" or "Join our powerful clan".
- Using religious or racial slurs so we can ban you now.
- Using "O RLY", "OMGWTFBBQ", "ROFLCOPTER", "AYBABTU" etc more frequently.
- Using childish insults such as "silly mod person".
- Pretending to be a pirate.
- Putting more than one emoticon/word in it.
- Not trying to change the rules of a server which you do not pay for.
- Actually finishing a map before you post a thread about it.
- Using all capital letters.
- Not dodging 1v1's.
- Not double posting.

Please get...

- A life.
- A grip.
- A job.
- A clue.
- A girlfriend.
- Some balls.
- Some lube for your dildo.
- A basic knowledge of the game.

You should...

- Not be so concerned about your recommendations or statistics.
- Post this thread five more times in different sections.

- Take your medications.
- Always read the Sticky Threads before posting something that dumb/rude/obnoxious.
- Contribute towards the n00bless servers.
- Join the Renegade 1942 Development Team.
- Join the Anti-Cheat clan.
- Stop kicking/banning people for things like swearing or using CAPITALS.
- Not imitate the ACK reply.
- Come out of the closet.
- Realize that RenGuard doesn't work for everyone and it doesn't stop cheats.
- Download Renegade IP to avoid the WOL bug rather than accusing mods of banning you.
- Not use cheats.

Suggested other activities besides such posting:

- Joining or starting a clan that isn't full of retards.
- Actually learning how to make a map or mod, then making one.
- Joining the NAVY.
- Watching Monty Python's "The Meaning Of Life".
- Whoring Facebook applications or playing Runescape.
- Jumping out of a plane without a parachute
- Playing in a different server.

You have...

- passed.
- failed.
- Five minutes to live.

You are both goddamn morons, stfu.
