I don't know... because i want to make nod samsite and truck a vehicle (like mlrs) like in M07 (not  
sure) i saw it in level edit but they are 2 separate models...

isn't it better then to attach the samsite to the nod truck?  
well I never got that working, but you might

well, the same site is out there, but I don't think the nod truck is aswell
