Hi,

I noticed on the 'Renegade' / 'Main Forum' page it has some links to 3rd party websites (one of which is a dead link). Is there any way to get WW to have a link to n00bstories.com or have the main forum link take them straight here ?!?

Just an observation.

Aren't they deactivating the official forum any time now? Guess there wouldn't be much point if that's the case.

Yes, the "main forum" link now points to a bit where VTed's told people about the site and links to it.
