Great ending, I can't wait for season 5

So Jeremy Bentham is Locke, wtf? What bad things happened on the islands because of Jack?
And how the fuck does Jin (or even Michael) survive that explosion..

It's from J.J Abrams. Do you actually expect it to have a coherent storyline that will ever be explained?

Yeah that seems about right, though I hope Lost goes on forever! Such a epic story line!

If stories are going on forever they usually suck. I prefer Stories with a definite end.

What story line?

You're either blind or narrow minded.
