I really liked this one. Especially his #1 Sniper mug.

It really does a good job, much better than all the rest, of making the sniper seem like a real person. Someone who could exist.

Yeah, I really love the style of this one too, I thought the Sniper would be someone who hunts animals and stuff but to find out he's an assassin makes him much more better, Makes the Sniper and the Spy seems like two classes who constantly battle each other to see who's the best assassin.

The back-ground music just fits, with added more bad-assery, the settings, Him sitting in a room with piss bottles and coffee, haha.

funny dialog too, Tim Schafer never lets us down.

Nothing beats killing snipers with the axe or fists.

Nah, When you get dominated by a sniper, go a sniper, find his ass and play a little chop chop.

I'm still a fan of the Engineer video, though I'd put the Sniper above the rest of the Meet the Team videos so far.

Words cannot describe how happy I was when I found out the Pyro was getting updated... he's by far by favorite. His video is gonna be fucking hilarious.
