Hey guys I just beat the game and I'm really mad...I payed 50 dollars for this game and I beat it in a day it was sooooo short westwood you better make an expansion pack for free, oh yea my friend is making a trainer for renegade so all u cheaters who cant beat this short game we will have cheats for you....Ex. You can see the whole level over EVA, all weapons, god mode oh yea these cheats are ONLY and I mean ONLY for single player and u cant use them for multiplayer so have fun if I dont c ya!

Hmmm... I have to agree. It was about as long as the first episode of Doom. Fortunately, we can play on the Internet with more than 4 players!!

quote:Originally posted by Wisser68:One day eh? I smell something....OHHHH, it's BS.11 missions, the longest one barely an hour. You can beat the game on normal mode in 10 hours without any problem. The only difference on the Commando level is that you have to walk half the time, which will slow you down to about 15 hours...
