The chat button works perfectly fine.

I know of a clan member who had the exact same problem as you did. He could see radio commands but no f2 or f3 - chat. Installing core patch 2 solved the problem for him!

Try reinstalling by this guide

Yeah, you're supposed to skip that part if you have TFD (Goztow, you should note that there).

It's been clearly noted in there since a long time...

Clearly noted? It's not even mentioned.

You're right: it's noted in the FAQ on renforums but not on the one on KOSs2 yet. I'll change that there.
