After reading this, I think I have the best neighbors ever, even including the dude up the road who is really hairy, and likes to mow the lawn shirtless.

There's only one report for my city now, but it sounds like we've already found the village skank...

nothing in my neighborhood, although that might change...

There is someone up the road about a mile or so that has a red house.

EDIT: I zoomed out, and all of a sudden there are people surrounding where I live. Where we live is around a 3 mile jerk free radius, then this massive amount of people in Butler and Pewaukee.
