OMFG ADVANTAJ SKIN U KAN SEE DA RIMZ SHINE IN DA SUNLITE!!!1

On topic: You're right, the humvee is pretty simple, but it's nice. I've had a skin similar to this for a very long time. I just find it easier to look at than the default, I guess. And it makes me feel like a badass when driving it.

There is not a seperate file for the rims, unlike the buggy.

This IS a cool and never-released-before Skin for the Hummer! Good work!

I added it to my collection. It now parks between the green "Jurassic Park" Hummer and the "Viper" Medium Tank.

I was thinking of doing a second version with minor changes like maybe a Dub City logo would be

more fitting.

Yeah, but there is so much more to add, I think I have about 100 or so files to add up, I want to make Game-Maps the uber source containing everything Renegade.
