ok im lost in just installed the game (its been a long time since i last played) but, i can not log in to the online WOL because when clicking new account then it comes up page not displayed. When i try to log in then the log in button wont appear i looked at that IWIX thing but it made no sense to me

my post says that i didn't understand that so i need help ... telling me what i have already read once is not helpful ...

Found out what to do ...
