I killed everything except this one chopper. It zooms across the map back and forth at 100 mph. Whizzes across your screen in about 1/4 of a second. It's path and timing are random. How do you hit that dang thing! Or can you get it to stop, or what? Did I mess something up?

"Cathedral"=Deadly Reunion?If so, I never found the Personal Ion Cannon. I used the standard chaingun, do not stand your ground, burst the apache and be patient.
