I was reading through my old posts and i'm really sorry for the people that i have hurt feels to. I was little back then and i didnt understand alot of stuff that was going on here. Maybe i will come back here when i will grow up. Since people here are more intelegent than me, that means that i'm here only for fun.

And again, i'm really sorry.

And sorry for FWP clan for being mean to them, John made me do it. He said to hate FWP and not respect them.

But i'm still working on my mod, and i will finish it hopefully when i will be 15 or 16. I will come back someday, but not tommarow or next week, i mean "years"

I will change my renegade account name, change my serial, change my IP and play on the servers without hacking. I will run Renguard.

Cya, (do not make fun of me cnc95fan, i'm serious.)

I was going to say something rather nice, but now that I realize you're ban evading, I don't think there's much to say other than "good riddance". Ban evasion just to say you're leaving is still ban evasion.

You are only 13, so I try to have more tolerance, but I can honestly tell you that you won't be missed.

I'm with cheesesoda- additionally, you just admitted you're going to ban evade on like every server.

I don't know about the other guys, but if I catch you on EKTRP, EVER, you're getting the banhammer. No matter what kind of new leaf you've turned over.

If you were really sorry you wouldn't evade the ban(s). The best way to make up for your past actions is to bugger off and try not to make the same mistakes again... but you've used up all of your chances here.

Oh, and "so and so made me do it" is a piss-poor excuse for anything. Don't ever use it. You always had the choice not to be a douche... if you chose instead to be a douche, you can't blame anybody but your own little self for that.

Maybe if you'd bothered to pay attention back in kindergarten you'd have learned how to play nice a mite sooner.

CarrierII has hit the nail on the head there. If your really leaving, then bye, otherwise, stop making stuff up to get people to feel sorry for you, it's not going to work.

Oh, and as for the ban evasion, that was a stupid thing to post. Your saying you intend to deliberately evade bans because YOU think you deserve a second chance, giving server owners no choice in the matter, when it is in fact up to THEM if you get a second chance on THEIR server.

Very excellent point there...it is much more harder for a younger person to change his life with a new account! haha...won't happen. Since they are too unpredictable and make crazy decisions.

You have to change in REAL life so those changes can reflect in your renegadeforums account (i know sounds crazyyyyyyyy!).

But hes young and has plenty of time to grow up and mature so I think he will. But if a older mature but stupid arrogant person changes his attitude/life and comes back with a new account, then nobody has a problem.

Because, I know what its like to be a clean, and still be banned from servers for his past offence.

So,

Ban evade means he can play, cleanly. A whole new beginning.

Quit being such a fucking idiot.

The only thing I can see you getting at (besides being a fucktard) is you trying to cause him to get into even more trouble. He'll get himself banned without even needing to be supported on that.

Edit: Nevermind on the second part.

I don't care if he gets clean. Sure, nobody will know, but that still doesn't make it right. Hooray for consequentialist ethics. Why have respect for others?! There's no need!

If hes stupid enough to blatantly let the server owner know who he is, thats his stupid ass fault. But I props him for coming clean and being honest. You once gave me the same credits for similar post to his.

(although mine more heart felt and honest im willing to bet)

You first said:

I don't think you should have made this a public issue. Too many people are going to be immature about it, and there really was no point for a public apology. Some things are best if the masses don't know about them. This is probably one of them.

Other than that, there's not much to say. You haven't proven yourself to be an idiot, so there's no reason to expect that you have some expectation that you're going to be exalted for your confession. We all make mistakes, and the worst thing you could have done is to tried to apologize and demand forgiveness and pity. You showed some class and kept your dignity. I commend you for that because it's quite the rare thing in this community of immature idiots.

Like you said, just accept your 3 month ban and move on. Most will have forgotten in a week, anyways.

Yeah, but the thing is it's still wrong. I don't care who it is- if they evade a ban of any sort I'm not just going to say 'whoa okay this is a new account I better leave him alone.'" I'm going to kick his ass, because I didn't want him on my server before, and that hasn't changed. That's just my personal opinion.

If you WANT to do it, fine, go ahead and try it, but it's up to the server's discretion if they want to keep banning you. The #1 mistake you can make with that though is announcing it on the forum

that a lot of Renegade players read.

Edit: HORQWER's just that kind of idiot, though. One way or another we'll all find out what his new account is, and it'll undoubtedly be his fault.

The thing is, it's not the first time he's come clean in public. This is at least the second time. It's like the boy who cries wolf. Nobody believes a liar, even if they are being sincere because they have lied in the past.

"I'm not going to rob from you again."

"I promise I'm clean. I've learned my lesson."

"I want to be a respectable member of society. I'm going to respect others and their property."

After a while... all you hear is, "Fuck being clean. I'm just going to take advantage of your altruism and then take advantage of it because I don't give a fuck about you."

100% agree.

But most people dont give cheaters a second chance, the names he used would be blacklisted, he'd be banned, and he'd be back here crying saying he's trying to not cheat, and still banned.

Thats why you have to see it from his point of view,

He's not going to be accepted as Whorequeer, so why not start fresh as a totally new alias that has hopefully learned some table manners?

You're joking, right?

THIS IS NOT THE FIRST TIME HE'S 'APOLOGIZED' AND 'COME CLEAN'.

Ugh, the fact that people are so damn gullible is frustrating. PEOPLE ARE NOT GOOD. That's just a sad fact of life. However, I WILL give the idiot the benefit of the doubt that it's just because he's an immature little fuckwad, but that doesn't mean we should keep doling out more chances for him to "prove himself" because he pretends that he's sincere.

Yes, people make mistakes, but the idea is to learn from the mistake to AVOID making it again. He hasn't grasped this concept, and we hold no moral responsibility to accept him time and time again. Hell, we have no moral responsibility to accept him the second time, but we do out of

courtesy and respect. The least cheating, lying, drama-causing assholes like him can do is respect people back by not making those people regret their altruism.

takes middle ground

I don't care if he comes back or not. And if he does come back, I don't care if he ban evades or not. Frankly if I don't know it is him, and he isn't cheating, why should I care who he is? Sure I'm relying on ignorance, but if I knew it was him, it would only cause problems, now wouldn't it?

Cheating effects the other players in the game in the negative, not the other way around. So as long as the other players aren't being hurt in any sort of way by him being in the game, it shouldn't matter at all.
