Also, why does his ethnicity mean anything to you?

Seriously, if just ONE of the passengers on the bus saw the guy do that, they wouldn't have all ran away, screaming. The people with the guns would have been able to apprehend the asshole.

By the way, wtf is so funny about that?

That's sketch \$\*\*\* ... My brother was on that same bus the day before and he stopped in the town where that murder occurred. He got off in portage la prairie to meet up with some close friends and go camping.

Sounds like a really messed up story.

This is all over our news, and new things are coming out about it, most unverified by the RCMP. Some people say that there could have been cannibalistic acts too.

It was a very bad way to start my day when I flicked on the TV when I woke up, and heard about it.

Frankly, I don't think ethnicity matters at all. I figure that there's a good chance the suspect is likely schizophrenic, or suffers from a similar sickness.

I'm happy that they have him alive, as it'll help to give some closure, and we can find out why this person committed such acts. If he were shot by a witness, we would likely never know.

Good question...u6795 I am waiting for your answer.

Also, why I want to know his ethnicity? I want to know if he was a freaking Islamist terrorist. I don't want terrorists do this kinds of scary dreadful acts and killing us on our most common places in life.

I understand anyone is capable of these hideous acts (reminds me of Meredith Emerson

But funny how they suppressed the information about the guy's ethnicity...c'mon thats one of the most common questions. you would think one of the passengers could have noticed the guy's physical appearance atleast...

EDIT: Omg a Islamic terrorist would carry a beheaded head like the way this witness describes:  
<http://www.cnn.com/2008/WORLD/americas/07/31/canada.bus/index.html#cnnSTCVideo>

EDIT2: But nikki you say there were cannibalistic acts? That kinda rules out a Islamist...atleast if what I have heard of so far is true.

The witness's would be talked to by RCMP before doing anything. They would be told to not give out any information at all. If there's an ethnic group involved you won't find out about it until the rcmp releases the information.

I feel so bad for the victim...poor guy just sleeping/listening on the headphones...this is too horrific...this is a monumental tragedy even if it was just one soul.

They like to keep things on the DL until there is more certainty. Plus, our reporting doesn't focus on race as heavily as America's media.

You do realize that unlike chickens and cockroaches, humans can't survive without their heads, right?

His ethnicity was apparantly Chinese or Aboriginal, from what I've read.

It's funny that someone can be so fucked up in the head that they just turn to the side and start stabbing someone for no apparent reason. And then decapitate them. It's random as hell.

That was the stupidest question I've ever heard. (It was even asked by one of the passengers on the bus...check if he's alive, HIS HEAD IS GONE RETARD, HE'S PASSED ON.)

Anyway, pretty sick shit right there. I want to know more about what nikki6ixx said, about the possibility of cannibalism.

More news! The killer was a 40 year-old named Vince Weiguang LI from Edmonton. The victim has been identified as Tim McLean of Winnipeg. Someone has started a Facebook group dedicated to him:

what i dont understand is how a bus full of people could not do anything about it, including the driver. drivers of these cross country busses should be atleast trained to use somekind of a weapon or have a taser or something... not just run off the bus and close the door behind them. im not saying to fight the guy that is holding a machette or whatever, but as far as i heard this person only had a small to mid size knife 2 people could have easily restrained him, since witnesses said he wasnt even paying attention to anyone around him while stabbing the passanger.

heck just punch him in the back of the head so he gets dissy enough for you to grab the knife.

apparently as the passangers were holding the bus door from the outside to keep the guy held up in there till the police get there he was banging the victims severed head on the windows of the bus

but nonethe less this is some messed up shit right there, something you definetly hope not to ever hear about again.

Could he not have driven off with the bus?

He actually tried, however the bus driver disabled it.
