i get this when i press renegade on renguard

i never used to get this but since i installed it again i have  
ive installed the update and renguard what else is missing?

Core patch two, so you get a NO-CD patch.

Installation instructions: here

ok i downloaded them  
put them into the data folder  
ran patcher and got this

i did that  
and said couldnt find patch file!  
doesnt matter now.  
i replaced all maps with the new ones!

opened up renguard, pressed renegade still get the instert cd problem!

You need patcher.exe , a new dll and patchall.zip in your renegade folder, then run patcher.exe.
