Hi, ive PM'd him twice I think because I was told to in order to gain access to the server owner's section, this was like a week ago and he still hasn't replied and according to his account he hasn't been on these forums for a while. I was hoping someone else would be able to give me access? if you need server etc info, tell me your nickname and I can PM you everything. Anyway, I was told "Crimson" (?) would also be able to do it. Thanks.

lol sorry my friend. I was only joking.

Anyway, in all seriousness, jellybe4n comes here only rarely. Your best bet is to PM Crimson. She

is the go-to person here.

You can PM her from here:

<http://www.renegadeforums.com/index.php?t=usrinfo&id=8&rid=23998>

Not sure how fast things will go for you but Crimson is usually on top of things.

Good luck and sorry about the joke earlier! lol

Completly ignoring applications is their way of saying "no".

I have heard this story from a couple of people who really should have access to that forum, but sadly do not. The fact that both yours and Zack's request went un-heard was quite frustrating.

Yes. I've just stopped altogether after the 5th (ish) time I've requested access. All my requests went even UNREAD. (Yes, I always do "Track this message" option....) :-/
