NO ONE CARES IF YOU GOT BANNED OFF SOME SERVERS ON RENEGADE BECAUSE YOU WERE STUPID ENOUGH TO GET HACKED. BRING YOUR BULLSHIT TO THE FORUMS OF THE SERVERS YOU GOT BANNED FOR. OR JUST SHUT THE FUCK UP.

Cabal, put a sock in it, will ya. He clearly got nick spoofed...

At topic starter: you will indeed need to go to the forum of each server you got banned from and ask them to remove your ban.

The point of the pink texting was the fact that an incredible amount of people come here asking to be unbanned from servers/whatever reason regarding servers in Renegade.

To be honest, there needs to be a sticky saying "This isn't a help forum regarding server bans". It's damned annoying seeing random people "omg i got banned from jellyserv plz help".

This was first posted in "renguard network bans", where there is a sticky saying "read this if you're banned from an individual server". So erm :-S.

So just ignore the post, if you didn't feel the need to reply they wouldn't annoy you nearly as much.

Some people aren't as educated in the workings of renegade forums as you or I. Don't condemn someone for trying.

There's a difference between education and common sense. It's like if I went into a forum about politics, and complained about my cell phone dying, and asking how I can get it fixed.

Also, Goztow, why didn't you lock it and then post saying why it was locked?

So you feel the need to be a complete dick about it?

Your e-peen must be huge...

It doesn't matter if you can't get direct help for the server, but you can talk to people about where to get help from.

I would do the same thing, it is common sense TO do it not to NOT do it.

I agree with Cabal. This isn't the 1st.. nor the 1000th time this has happened.

The fact is you know about forums, my first knowledge of forums came from renegade when I got banned from a server, It took a while but now I can easily navigate forums.

Would you condemn a child for not knowing that playing in the street is bad, without learning this shit no one will grow to ur or my knowledge level.

I'd condemn the parents for not teaching him that playing in the street could get him killed.. In this case, it's different, because there was a sticky saying he should bring this to the attention of the servers' forums he got banned from, not here.

I'm still curious as to why this got MOVED, and not locked.

basically, his nick ingame got spoofed (he says), also his forum nick got hacked..(i noticed) and so on....

and thats why he is banned.

if his password is that easy, then its his fault this happened.

his account name is associated with R.G.H. and massive racism posts.

so the nick he is using is no longer accepted on our forum.

Because i thought it was the appropriate action to take at that moment. As it's getting nowhere, I'll lock it now.
