Stop complaining, please. It took me long hours to beat it, but it was worth it. =/...Buuuuut, if you're to lazy to do this, follow these instructions to SKIP the level:1.Select "load game".2. Load "M00_Tutorial" or whatever; usually at the bottom.3.play the tutorial. 4. when you finish, you move on to the next mission.I don't know why, you just do. That's what i did by mistake cause i was bored, and i went to the next mission! Odd...(As Brian Fellows): It's CRAZY!
