What are you trying to prove?. OSTK has been around for years and we've had our share of problems as like any other clan.. we have many respected members that are involved with other high profile clans/community's... I'd like to see you post that comment in Atomix-Gaming, eXiled Coalition,Epsilon Woldwide Community's and see what you get for a response...

Wow show me these servers that have banned OSTK members?? I for one can join any server without any problems. If you have anything else to say post it, I and OSTK have nothing to hide..

OSTK STRICT POLICY ON CHEAT/HACKS PAST AND PRESENT

Quote:Recruits that cheated in the past and want to join OSTK, are 99 % of the time not welcome, unless they can proof they didn't do it on purpose.

Recruits that want to join and use cheats, are certainly NOT welcome. And if they do attempt to join us under false information, they'll get a ban from the forum & the clan.

OSTK members that use ANY form of cheat are in a temporary suspension of the clan and therefore cannot use their OSTK name till the leaders/admins discussed what need to happen. If the accused one can proof he didn't do it on purpose, then he's allowed to use his OSTK name again. (example: tested cheats on his own server, but forgot to delete a file).

ALL NOTED MEMBERS THAT HAVE BEEN KICKED OR BANNED

Quote:

OSTKbish (banned)
OSTKarrow/OSTKfelix/OSTKlynx (kicked out)
OSTKkiwi (got banned)
OSTKvirus (banned)
OSTKfranz (kicked out)

OSTK still has my respect
they had problems with member, and acted on it (not every clan does that)
i know that back in the days i was in OSTK we did everything to keep the server clean, and to keep hackers out.
but hey, u can never be 100% sure of who your members really are

hmmmm OSTK is a respectable clan, you say its a "known" cheaters clan wich is ridiculous imo, but name members then! and add proof while ur at it

ok ... uhm like flap said... know cheater clan i dont think so...
SHRP
=DA=
JFK
=AC=/=CA=

THOSE are cheater clans...
again not all members cheat but a few/alot

and tbh .. i dont know any of them except for arrow and virus so names like OSTKfranz might just be bshit accounts

virus had double renegade folders.. he used one to revenge hack a community where hacking was allowed.. after that day he stopped playing ren since he lost faith in it since its easy to hack...

2-3 yrs later flap here.. talked to virus and askedh im if he wanted to come back... virus tried it... started the exe in the wrong map.. and as soon as he walked out a building he saw a BH in tunnel on map FIELD..
he got banned by bot detection without firing 1 round.

thats the story i heard... and arrow.. well.. i just knowem a bit...

Bots, in this case BIATCH, does not ban as long as you didn't use the cheat, u need at least one shot that hits something.

Quote:started the exe in the wrong map
And I don't see which wrong exe he could have started, really. If it was *cheat name removed*, then he would surely have noted the big " *cheat name removed*" in the left hand corner while starting up RG and joining a game.

Once a cheater, always a cheater tbh.

They had a few cheaters in the past, so have many other clans. Point is they kicked them out and dealt with the issues. They're ok i suppose, dont really think they're a cheater clan tho...
