The complete server crashes when trying to purchase a vehicle or the 1000 characters. I got Resurrection, YaRR, SSGM, LUA plugins, Scripts 3.4, No Gameplay pending fix, CP2 and BIATCH.

Plz Help!

Tyvm!

PS. I do NOT have an debug file

Reinstall the server and add every add on u got one per one. Test if it crashes after each step. You'll find out where the problem lays.
