Do anyone know where do i find a list that tell me all Button Numbers? just like here:

key_pressed 85 (thats the "U" Button)

Where do i find what number has A,B,C and all others?

if no one replies, experiment around. If you have a special keyboard, you can even use unknown ##s (like, for me, 267 and 268 are the IEforward and IEback buttons).

Where do i find what number has A,B,C and all others?

Look at the MDB_ scripts... in gmkeyhook.cpp @ SSGM.
