I read the video description and immediately exited the page. Scrin can suck a cock, and you need to stop being his publicity manager.

1) This needs to be in the mod forum.

2) Scrin is a faggot and can keep out of this community until he's ready to stop being a theiving, cheating, immature moron.

This is the second time you've posted for the same banned user. I think Try\_Lee was right in the previous thread.

Even though scrin is a aimbot shit.

He could be a real famous skinner if he releaed them skins, if he turned to good and made skins for the public to use, he would make a good name for himself instead of keeping it all to himself.

Scrin as a modder: kick @\$

Scrin as a person: Mankind has found the first person alive without a heart!

Sry scrin, but you can be pretty... rude (for lack of better words) some times.

I'm not too sure that Scrin made ANYthing himself, anymore, actually. He tried to steal shit off me, lol... At one point he bitched at how I wrote lyrics on my HummVee, cos then he couldn't exactly steal it

Yeah, most of his shit is just crap he stole from other games or other people. Which is why it baffles my further when some people suck his dick at every chance.

I wonder if posting content on behalf of a banned user is considered a form of ban evasion? Hmm... guess that one's for the moderators to decide, but it kind of defeats the purpose of him being banned in the first place if you ask me.
