Yes, i made the Chunma Tank for my redone Mod.

Note: Stupid Render, you cant see all Deteils

---

Before i did format my harddrive i did:

Make a simple Model, edit the Settings, render. If its OK then remove the Model, save/export a .max. Now i could load the .max file and import my model

---

---

I started Creating Textures and texturing it, there are no Light effects yet ( you wont see the real lamps later)

Note: Fraps Screenshots suck

Looks amazing

Why don't you put those models up on [www.turbosquid.com](http://www.turbosquid.com) for sale

---

---

Haha Gay Pixel Man, learn Modeling

Your Nerdy Topic

Get a life, learn to criticize Peoples work correctly lol, you dont piss me off with these brainless comments

---

-----  
Anyone here who want to suggest a Tank or Gun? Let me know

LoL this made me laugh, first of all that model SK made looks goddamn ugly.

And when I laughed even harder

Sir Kane wrote on Sun, 14 March 2004 16:49Don't post in my thread if you don't like it.
