I tried everything im getting the error that just starts up
The screen will pop up and it says the logo not full screen then it closes saying Renegade has stopped working
Problem Event Name: APPCRASH
Application Name: Game.exe
Application Version: 1.2.0.1
Application Timestamp: 3c55f350
Fault Module Name: Game.exe
Fault Module Version: 1.2.0.1
Fault Module Timestamp: 3c55f350
Exception Code: c0000005
Exception Offset: 00370bcf

I tried everything installing the other client someone posted(I double click it nothing happens it just blinks) and also Renegade Resurrection please someone help me out

yeah and its a x32 Vista home premium and im pretty sure i have everything that will work on renegade a geforce 9600gt 3gigs of ram etc etc and vista was preloaded on this computer.
Also yes i did try comp with XP also tried admin on and off didnt work

Try it with Renegade Resurrection, and update it to the new beta.
I had the same prob, but now its working with rr
