i have seen a really cool arty and heard that stereosquirrel made but i have no idea how to make it

so my question is can some1 make gdi and nod vehicles in the same style pls

here is a pic of the arty

<http://xxlimg.com/images/en714qzbatneucdkw23.jpg>

(picture is from scrin)

Ingame Press ESC and then go to Options.

Go to BHS.DLL and check Shaders Enabled [X]

Then register on the forum and pm him, Come to the irc and pm him.
or just pm him somewhere else o.O

this one is blue, i made it from the red one. I can't remember where I got it from but here it is. use gimp or something to turn it back to red. if you really need me to, i'll make it back to the original red.

I have the file and still use it, the original one made by stereosquirrel.
