ok so i had to reinstall renegade... AGAIN because i deleted a wrong file and forgot to make a backup file so i after reinstall i went to westwood online and found out i dont have correct maps and dont have the patch so if there are downloads tell me if not tell me to stop bein a lazy ass and reinstall the game after deleting all files

Ok if I understand you right you would like a place to download original files that you accidentally deleted? Well, here's a link for that here. And about your maps, on that same page, there's an "Original Maps" link hiding up there above the "Always.dat" link. I completely missed it once too.
