I've never noticed the Nod Rifles being weaker than the GDI ones.

I always thought the reason people say GDI rifles are better are becuase Nod have slightly
bigger heads and are easier to kill than the GDI soldiers.

You mean snow walls?
Here is texture pack I sorted out.

On youtube it does it automatically as far as I know. As long as you have a high quality video.

File Attachments
1) Snow Canyon, walls, mesa, complex.rar, downloaded 198 times
