kk people i know i did realse alot of bad stuff that took my 5 min and i usally lied about it and im threw with that and i am sorry, this is my 1st good skin that i took time and it looks pretty good so please tell me what you think

EDIT: The Gdi's looks darker because the room is darker,
Edit2: This looks really tight with shaders

sigh..
it will take about 10 seconds to make a skin like that.
u still fail at skinning

I was just about to ask what is the difference between this and the orig MCT (I have used modified MCTs for too long, i actually don't remember the orig one completely) but I guess blacky answered it.

At least I know my memory hasn't failed me.. yet
