Hey guys.. im working on a hud, and i want to change the healthbars
i want that they start at top and goes down to bottom like i showed in that Screenshot, but i dont
know how to make it in the hud.ini i tried all :/

Can someone help? or make a example hud.ini healthbar code for me

I think your asking for these comments if you have a question but in the main time your showing off all stuff you have..

Because now it looks like the actual meaning of this topic is to show off instead of your question.
