If they changed the Officer (sp?) to Minigunner, and made it \$100 the game would make alot more sense when copmared to C&C.[April 21, 2002: Message edited by: The Argon Array]

the Techincians, they used to come out of destroyed buildings everyone once in a while. thy fired little pistpols that did crap damage and when they were shot at they would run around like chickens with thier heads cut off.and their voices sounded pretty *** too (literally)

Why take the time to explain it to the nwebs? Don't say anything, let em figure it out on their own time. If you play one Command & Conquer, you might as well go play them all.
