Hi...!

Someone posted a thread here with links to download C&C 3 texture packs. I searched it all here and could not find it; I also downloaded the packs from the EA site but they did not have the textures as well.

So to save me more trouble, can yall point me to the link here?

Thanks!

Thanks LeeumDee and Gozy!

I have no idea why it did not show up in the search results. I am not the type to start asking without looking throughly first.
