The SCUD Storm dev team is recruiting anybody with whatever skills you have.

Mainly though:

Quote:Texture artists (even if it's just a reskin, we provide the UVWs if necessary)

3d Artists

2d artists

Mappers

Though as said we are looking for all skills, so not just the above.

PM me or reply here for more details...

SCUD Storm's latest blog:

hmm i checked the site out...there are some picture link, but cant see them, i must login first, but if i try to register comes this error message: "This menu has been disabled" or something like that.

Any help?

I'd be willing to texture any of your models if they are unwrapped.

Positive comments from a past leader...
You don't know very far then
