Had no time to do anything for Renegade or TT, except providing RR sources to the TT team.  
I have no status of TT, so don't guess anything

Yrr, the entire renegade community would appreciate it if you have the time to get involved with the TT patch. They have a big list of bug/map glitches im sure you've run into or know of while developing RR and thats why I was surprised you did not get involved in the first place.
