What is the exact purpos of this thread? Spam. If I sent him that PM, ignoring it would only be the most mature thing to do. But instead he had to make an entire thread out of it and have a spam fest. I wish Crimson would have took the post counter out. Then this thread never would have existed.

How does my name relate to DW? lol, but my map is actually for the paintball mod. Though I was planning on making my own DM match. Just need a plan. I want it to be just like beach but better. Beach is a very fun map but could be better. I'm not saying I'm going to steal his map but I'm going to have my own modeled map. The funnest thing about beach is sniping, my map is going to be targeted towards sniping but also have regular weapons too. The best thing is that it's going to have more sniper rifle pick ups so you wont get pissed off when your team has taken the one only rifle.

So whats your map like?

....Doesn't explain your WOL name though..... (hmm someone like DW but female :inlove:)

<00 > < 00> <00 > < 00> *looks around* dont tell no one but i make maps at night with just a blanket for warmth *makes for the nearest exit leaving a rose for you as he goes*
How does my name relate to DW? lol, but my map is actually for the paintball mod. Though I was planning on making my own DM match. Just need a plan. I want it to be just like beach but better. Beach is a very fun map but could be better. I'm not saying I'm going to steal his map but I'm going to have my own modeled map. The funnest thing about beach is sniping, my map is going to be targeted towards sniping but also have regular weapons too. The best thing is that it's going to have more sniper rifle pick ups so you wont get pissed off when your team has taken the one only rifle.

Er Ahhh EEEEEEEK Stop copying each other signatures!!!

I joined this post late and if you scim over DW's first post it looks like he has a simalar WOL name. major confusion!

Map sounds interesting lighting will be the key i think as well as size (Big DM = S**t DM) mail me personally if you need any help diehard18@hotmail.com :inlove:

*leaves still feeling all warm and fussy inside :inlove: *

dead4ayear2Sir PhoenixxIf you didn't send him that pm, than why are you making such a big deal out of this?I did send him that PM. But mind you know how late it was. It says 7 somthin on his clock but my time is GMT-07:00. It was way late, I stayed up all night the night before, had very much coffine, and was going nuts trying to figure out how to get the damn textures to blend. Now try to tell me your mind would be very clearly thinking and aware. :rolleyes:

Too much "coffine" isn't good, but it shouldn't screw with your mind to the point where you decide to play Renegade nude.

I have to say this is the wierdest topic yet.
first talking about this secret pm from a "guy" and its a joke
"guy" admits it
make fun of guy
guy is a girl and there is a confusion in the air
Halo took a big fall for her
she sorta turns her head
he tries some more attempts to win her over get accepted
she replies with a surprising posts
Halo likes that he slips in
Now its an idle conversation about servers and stuff

WTF lol, well anyway anyone know when the big 32 pitts server is coming up with fan maps?

She was probably joking in the alledged pm, so take it as such.

You should see some of the pm's I get.

If she wasn't joking, who cares what she does in the comfort of her own home (or office it looks like by that pic lol) Besides. The world needs more naked ladies I sometimes play renegade in nothing more than a bathrobe, big deal

If she IS a lesbian, it's not really shocking is it? Or do you all live terribly sheltered lives.

The only way this twisted tale could be sick, is if those who say they are girls are actually guys.

EpyonJava still seems to get the Air Force mixed up with the Navy, but what can I expect from a Canadian..

BTW, Java has some sort of fetish with "soap on the rope"

Well, being our Navy-Cadet-to-be, I'm sure you're well versed in the actions that take place in the dark submarine in the long hours of the night. But hey, I'm Canadian, what do I know. :rolleyes:

CrimsonBah! Leave Epyon alone. He's one of my IRC chat members.

:rolleyes: why tell me to leave him alone when he started on me don't i have a right to defend myself when attacked by a stranger

Surley just because he is one of your IRC chat members (which i would be if i had a direct connection to my room) it doesn't give him the right to pick on anyone and be in the 'right' of the eyes of a moderator.

I sure hope i have the wrong end of the stick? arn't moderators supposed to be unbias. :rolleyes:

That was before I stated that I was a woman. I talk to him on msn frequently. He's my friend but I never told him what sex I am. Since most people are guys he probably assumed that I was one too.
