I want to apologize all of you for mistake i made on n00bstories , i knew it was bad but i wasn't using ever this crap to get advantage. I was just curious, as much as it was wrong as much i feel bad. I hope guys you understood then everyone makes big mistakes, and i made it. I'm not going to use it once again, never. I believe then a lot of you are going to flame me now and start with post "stop troll" and everything related to that, but i felt they pain cause of losing %mod and ability to play n00bstories. You might not believe me, but everyone has chance to break.

We will not flame you

We'll just check out your ip range and serial hash to help you not repeating this terrible mistake

5 more posts than I expected.

(I decided it was unfair for me, as a moderator, to derail his apology topic, and therefore have not acted as I previously indicated that I would. The previous post is in the other topic for "lolz", however)
