Does the screenshot have to be from this month or could it be an old one?

It doesn't even make sense, the bullet hole should be in the center of the targeting lasers.

aw man. I lost all of my virtual lego screenshots when my last computer crashed.

Oh well... here's from when I was screwing around with graphics:

Edit: Aha! I found an old topic.

More screens at <http://www.renegadeforums.com/index.php?t=msg&goto=259357&rid=20681> , however, the mod upload is down... so I don't know where to get it now. (It was hours and hours of fun though)

1) You might still have some screenies of this on the KamuixLite forum, I don't remember.

2) I MIGHT still have this mod on my hard drive, no promises though. I'll take a look when I get home.

I think my pick of the month would be this screenshot. I never thought anyone would manage to make the city building windows look remotely good . Really amazing job!

This one is just very funny . Both the player and the vehicle giving up and lying down on their back. Very nice!

Sticky cleaned, up for October .
