I spam ctrl + 5 and ctrl + 8 a lot.

It's even more fun spamming "Negative" when everybody "Affirmative" spams when an enemy building gets destroyed. Something which I always do (and the opposite when our building(s) get destroyed).

Bad troll is bad.

You know you're a Renegade player when you've actually referred to a sniper rifle in real life as a 'n00bjet' to someone.

I'm talking years before I made this account...why are you even lying? I was just going down memory lane here...there's nothing to be ashamed of, I have no clue why you're writing me PMs telling me to stop and denying something silly like this in front of a crowd that mostly won't even understand what we're talking about. Some people...
