If it still isn't working... Did you change your shaders.dll lately? (For a custom HUD, Etc, Customized Shaders, Etc), If so, Get another shaders.dll or restore your old shaders.dll

Once I had this problem with an HUD, And another problem is it wouldn't let me enter vehicles...

BUt, If it still doesn't work after that just add me on MSN and I'll try to help (nukedu@hotmail.com)
