I'd prefer a decent game that cares about more than rabid 12 year old retarded fanboys, and actually gives a shit about their community, thanks.

Yazoo you forgot to mention that you'll receive an extra chance to win if somebody takes the quiz with your referral.

But you didn't come out and say that the link gives you extra chances... So the facepalm was for you trying to get extra chances by posting a link to take a quiz to win a game that is gonna fail due to some dedicated server issues. Basically this is a fail spam thread.
