---

I don't know why I get this error, but either Google and Firefox tried to block access to Renegadeforums.com

Here's what GOOGLE says:

Safe Browsing  
Diagnostic page for renegadeforums.com

What is the current listing status for renegadeforums.com?

Site is listed as suspicious - visiting this web site may harm your computer.

Part of this site was listed for suspicious activity 1 time(s) over the past 90 days.

What happened when Google visited this site?

Of the 135 pages we tested on the site over the past 90 days, 12 page(s) resulted in malicious software being downloaded and installed without user consent. The last time Google visited this site was on 2009-10-29, and the last time suspicious content was found on this site was on 2009-10-29.

Malicious software is hosted on 1 domain(s), including davtraff.com/.

This site was hosted on 1 network(s) including AS21844 (THEPLANET).

Has this site acted as an intermediary resulting in further distribution of malware?

Over the past 90 days, renegadeforums.com did not appear to function as an intermediary for the infection of any sites.

Has this site hosted malware?

No, this site has not hosted malicious software over the past 90 days.

How did this happen?

In some cases, third parties can add malicious code to legitimate sites, which would cause us to show the warning message.

Next steps:

- \* Return to the previous page.
- \* If you are the owner of this web site, you can request a review of your site using Google Webmaster Tools. More information about the review process is available in Google's Webmaster

Help Center.

Just thought I'd let you know..

Already reported: <http://www.renegadeforums.com/index.php?t=msg&th=35058&start=0&rid=4882>

Crimson is working at it.

I had this same kind of strong armed extortion attack on my site... Thanks to GOOGLE AD SENSE ADS! Finally they completely blacklisted my site so that it could not be linked to from twitter or any other google affiliated site. Eventually after their constant threatening emails my provider deleted my entire site.

I am usually a big fan of Google but this really made me stop and think about them...
