He clearly doesn't have a beer belly. I have no idea why you might say that, unless you're a starving African or something.

No offense intended, but it seemed to have a pretty 'camp' theme. It just all seemed really homosexual to me. It looks like you enjoyed making it, so good for you. Just not really what I find entertaining, but then perhaps this is a regional difference in culture. The Dutch seem more Liberal about such things.

Yeah, you Dutch faggots!

...wait, I'm half Dutch

FUCK

on topic: kinda funny, but could be a bit better. Although I lol'd that you stripped in the middle of a mall, here in the US (the apparent "land of the free"), you'd definitely get arrested for that.

HAHA, me a beer belly? o0 what would I have if I was actually fat? An elephant belly?

As for the gay humor, that might be because we're young teenagers on school that find that funny. I can tell we are straight for sure tho

BTW George, we didn't thought about that at first. But after I stripped there some shop owners/managers were standing outside the shop with a telephone in their hand. We guessed they were calling the cops or something, so got away quickly

Overall, nice job with the video, i like that news reporter that played with the boobs, fucking hularious.
