I remember someone saying advantages skins due to emitters and SBH revealing... might have been removed.

Pretty sure it's in kill's release of scrin's stuff somewhere:
<http://www.megaupload.com/?d=GKKOH7QU>

Not sure which files exactly though, hopefully they are marked w/ ramjet somewhere..

This might be this one here but I'm not sure.

Note: It's a rar file so you'll need 7zip or winrar.

hmm..because the link from Goztow isnt the sniper from the pic in the first post?

This from lone is the beta sniper rifle, not this from scrin.

And this from hate, is a big pack he must download it and search the files? my link is only the sniper?

good reason? lol
