Is it just me or is "War of the Worlds" by Jeff Wayne the best piece of music ever written?

I loved this music when I was a baby and I still love it now.

If anyone has read the book they'd know it has a awesome story to it and I highly recommend reading it.

It is epicly awesome though the RTS game was somewhat disappointing

I never knew there was a RTS game of it.. What platform was it for? What do you make of the Spielberg film version?

Tis for PC; Not a fan of Spielberg's movie, should have kept real to the book IMO

I was horribly disappointed with the movie.. It was really inaccurate to the book. I will have a look now into the game.
